SuperMed One™ Vision

Today, regular scheduled vision care exams are more important to your family's overall health than ever. Eye exams can help diagnose such serious health problems as high blood pressure, diabetes, glaucoma and arteriosclerosis. That's why Medical Mutual provides a comprehensive vision program administered by Cole Managed Vision.

Why SuperMed One Vision?

Now, periodic eye exams and fashion eyewear can be a part of your personal wellness program. SuperMed One Vision members receive quality vision care and prescription eyewear through a vast network of optometrists and ophthalmologists. As a SuperMed One Vision member you have annual benefits towards an eyeglass examination and pair of eyeglasses or contact lenses, available through thousands of participating network providers. Reduced benefits are available when you obtain services outside the vision care provider network.
